

Bilge Cleaner

Limpia Sentinas

BILGE CLEANER PH NEUTRO

A powerful and effective bilge cleaner.

- ✓ It won't damage old paint and is safe for use on hoses, gaskets, straps, etc.
- ✓ Its powerful cleaning action will leave your boat's bilge sparkling clean.
- ✓ Neutral pH

Directions:

Pour BILGE CLEANER into the bilge, add 5 liters of water, stir, and let it work for at least one hour. Then rinse thoroughly with plenty of water.

(1 liter of product per 5 liters of water (7 meters in length)) Once the bilge is clean, empty it using the bilge pump, following local regulations. Repeat this process once a month for a clean and odor-free bilge.

Note: This product is not recommended for fiberglass (gel coat) as it may remove the surface wax.

Available sizes: 1L / 5L - Color blue

- We believe the environment is our most valuable asset, and we must take personal responsibility for how we impact it.
- We develop products with outstanding quality and performance, meeting the highest environmental regulatory standards worldwide.
- Bestial Soaps have demonstrated that an environmentally responsible approach to cleaning chemical development does not compromise performance or value for money.
- Our products are manufactured in Spain, ensuring a reduced carbon footprint through local sourcing.

All our products comply with European sustainability and biodegradability regulations, as well as: MARPOL Annex 24 / Resolution MEPC.219(63) (adopted March 2, 2012)

- NPDES compliant
- EC Regulation No. 648/2004 compliant
- REACH compliant
