

Coating Friendly Wash

COATING FRIENDLY

Ceramic coating approved wash shampoo (no added wax).

- ✓ Designed for surfaces treated with polymers or ceramic coatings.
- ✓ Does not damage protective layers.
- ✓ Free from added fragrances and preservatives.
- ✓ pH: Neutral (7.5)

Directions for use:

Dilute approximately 50ml of COATING FRIENDLY per bucket of water (approx. 8L). Dampen the area to be cleaned, then immerse a sponge or cloth/brush in the bucket with the premixed solution. Rub the surface and rinse thoroughly with water.

Note:

Ideal when waxing is not required.

Available sizes: 1L / 5L

Color: Translucent caramel

- *We believe the environment is our most valuable asset, and we must take personal responsibility for how we impact it.*
