

# Multi Use Cleaner

## MULTI USE CLEANER

**Is a pH-balanced, multi-purpose cleaner that effectively cleans all types of surfaces.**

- ✓ It contains no chlorinated or petroleum-based solvents.
- ✓ Easy, fast, safe, and economical!
- ✓ When activated with water, it becomes a powerful cleaning agent.

### Directions:

Wet the surface to be cleaned, apply Multi Use Cleaner and rub with a sponge, brush or mitt, leave for 2 or 3 minutes and rinse with water.

### Note:

The product may remove wax from surfaces; a new application or equivalent is recommended after using Multi Use Cleaner to protect the layer exposed to the elements.

**Available size:** 1L

**Translucent greenish color**

- *We believe the environment is our most valuable asset, and we must take personal responsibility for how we impact it.*
- *We develop products with outstanding quality and performance, meeting the highest environmental regulatory standards worldwide.*
